These are just a few of the gifts with which the students of Ottawa Hills Junior High are endowed. The next few years will tell the tale of how they choose to use these gifts. The future is their's to create. I believe that future will be great.

Thank you to all the students, staff, and family members who have helped us produce this issue of Makwa. If it contains even a glimpse of the abilities and potential found in the students pictured within, it was a success!

We start with gifts. Merit comes from what we make of them.
